1 Due to limited income, I am unable to afford  
2 an attorney. I do not have enough money to  
3 meet all my debts each month.

4 Due to the urgency of this case due to the  
5 killing of a U.S. Citizen (me), I need legal  
6 representation to expedite the process.

7 I need a cease and desist order immediately;  
8 my life depends on it. I need this torture  
9 to stop now.

10 Federal Court is complex and I have no  
11 familiarity with the procedures.

12 The agencies noted in my complaint have offices  
13 of lawyers. I have no representation.

14 A lawyer can assist me on what other agencies  
15 to subpoena.

16 I need a lawyer to ensure all documents are  
17 filed correctly and in a timely manner.

18 My phone and computer have been tracked  
19 (on a Stingray), and I need a secure way to  
20 make contacts and calls.

21 Due to the physical attacks on me, I am  
22 sometimes unable to leave my home. There are  
23 times I cannot move due to these attacks.

24 An attorney can do electronic filing.
